We were fortunate this Fall in winning the Grand Sweepstakes in Class A Professional which received the Meier & Frank Trophy; for Best General Exhibit, winning the A. D. S. Medal. Also the P. D. S. Medal for best basket of Miniatures, and the Blue Ribbon for Smallest Dahlia in Show. In addition "Charles L. Mastick" brought us several awards for the various baskets and vases and bowls of that variety we displayed in our exhibit. That variety won as the best Amateur basket.

Among the outstanding dahlias of the show were many novelties from abroad as well as numerous American varieties. To name a few of them: Nagel's Superb, Ballego's Surprise, M. Henri Festner, Pink Spiral, Phantom, Marie Dressler, Andries Perfecta, California Idol, Schiller, Victoria, Pink Daily Mail, Margrace, Black Knight, Petunia, Mrs. Geo. le Boutillier, Eagle Rock Phantasy, and many others. Several Japanese ones attracted attention — Yukinasa, Shintenchi, Showa—all three being very unusual in form.

We had many promising seed pods on our plants when the heavy freeze came unexpectedly and froze all of them, so we have no seeds to offer our customers the coming season.

FOREWORD

It is with pleasure we hand you our annual catalog. Practically every Dahlia listed here is so well known throughout the Dahlia world that lengthy descriptions are unnecessary, so we have made them brief. Our orders are filled with field grown roots only and we guarantee our stock and service to be fully equal to that in the past. Thanking you for past favors and hoping for the continuance of same, we are,

Yours very truly,

CHARLES L. MASTICK

CHARLES L. MASTICK (FD). Outstanding wherever shown; winning as best un-disseminated seedling at the 1934 show of the Portland Dahlia Society and the American Home Achievement Medal in 1935. Also featured in the Honor Roll of the "Mid-West Dahlia News" and in Derrill Hart's Honor Roll of that year. Has been selected for trial at Wisley in 1937.

An immense exhibition flower, as well as being a fine florist's flower on account of its keeping qualities, strong stem, free blooming and its beautiful and unusual coloring. "A rich bright orange, deepening to a darker shade at center, the reverse being grenadine pink." The form and arrangement of petals is decidedly original. A big prize winner.

Strong vigorous plants hold the flowers aloft on cane-like stems and are a mass of bloom from mid-season to frost. Should be grown to four canes and freely disbudded for best results. We are pricing it very reasonably at...Net \$10.00
